The sweat lodge ceremony, older than recorded history, is practiced in some form by every culture in the world. Our ancient ancestors established the thermal bath in order to facilitate healing, purification, and relaxation in their lives. Come and release your thoughts, worry, pain, suffering, and truly connect, heal, and fill yourself with the healing powers of the Earth and the Seven Nations!

This lodge opportunity is open to all men and woman in the community no what their level of experience is with Shamanic ceremony. These lodges are a gift to the community and are free of charge.
